2017	Award for Excellence in Teaching. Goethe University, Frankfurt
2018	Peers Award- Best Surgical Film
2018	DG PARO Implant Research Award (donated by Nobel Biocare) Discomfort/Pain due to periodontal and peri-implant probing: Implant type and age Julia Stanner, Matthias Klum, Puria Parvini, Otto Zuhr, Katrin Nickles, Peter Eickholz

## MAIN INTERESTS/ NATIONAL & INTERNATIONAL SPEAKER

Complex bone augmentation  
Dental trauma and transplantation  
Immediate implantation  
Soft tissue management around implants and teeth  
Plastic - aesthetic periodontal surgery  
Management of complications in oral surgery  
Emergencies in Dentistry

## CLINICAL & PRE-CLINICAL STUDIES

---

Immediate Implantation and immediate loading (different implant systems)  
Augmentation procedures (DFG-project)  
Zirconia implants (different implant systems)  
  
Bone substitute materials (canine model)  
Implant studies (pig model)  
Studies in rats

## OTHER QUALIFICATIONS

---

> 15 years of live-surgery experience (Royal british college, MOI, DGOI, DGI e.g.)  
CBCT (Fachkunde/Sachkunde digitale Volumentomographie)  
Laserprotection expertise  
GCP Course  
MPG Course  
Experimental animal science expertise

---
